

Airport Collection Instructions >>> Domestic Terminal

All of our airport work is carried out in association with **Aeroparks Ltd** and they operate from a base approximately 3 minutes' drive from the airport.

We will deliver your rental vehicle to them and they will pass it on to you on our behalf.

It is vital that you read these instructions and ask us before your arrival in Auckland if you have any questions.

If you are arriving at the **Domestic Terminal**, once you have your bags and are ready for collection (Not Before Please), call 0800 237 672 and let Aeroparks know that you are waiting at the Domestic Terminal and are ready for collection. **OUTSIDE DOORS 7 & 8** (Jetstar departure end), walk across to the far side of the forecourt toward the flight-control TOWER.

Keep an eye out for the Aeroparks shuttle (White with Orange and Black trim). Jump aboard and they will take you back to their base where upon presentation of Photo ID, you will be given your vehicle on our behalf.

It can take around 10 minutes for the shuttle to arrive as it may be at the other terminals. If you are getting anxious you can always call the office on 0800 237 672 for an estimated ETA.

Please note that if you do not call Aeroparks, they will not know that you are there waiting for the shuttle.
